

Identification: TS XLVII

Revision: 0

Pétisó (CAN)

Product Specification

Quality (composition)		
Total Nitrogen (N)-content <i>Ammonia Nitrogen (N-NH₄⁺)</i> <i>Nitric Nitrogen (N-NO₃⁻)</i>	wt %	27 ± 0,5 <i>13,4 ± 0,4</i> <i>13,6 ± 0,4</i>
Moisture, max.	wt %	0,5
Further expected/requested properties:		
Granulometry		
0,8-6,3 mm, min.	wt %	95
<i>As a result of its dolomite part, it contains approximately 3,0 wt % Magnesium (- 5,0 wt % magnesium oxide) and approximately 5,0 wt % Calcium (-7,0. wt % calcium oxide).</i>		
The product can be used until the expiration-date indicated on the packaging if the product is kept under the circumstances specified in the "Storing and Warehousing Specification" guideline of Nitrogénművek Co.
